

EC 170

| | |
|--------------|----------------------------------|
| dimensions | 147 x 123 x 154 cm |
| battery | 8.8 kWh (opt. 9.7 kWh) |
| weight | 425 kg |
| torque | 1000 Nm |
| top speed | 20 km/h |
| hoist power | 200 kg |
| trailer load | 300 kg unbraked 500 kg braked |

Implements for AEBI EC models.

SNOW BLOWER

- working width: 1.20 m
- weight: 110 kg
- denticulate feed screw
- mechanical flap and shaft turning
- overload protection

article type:
SFK 40 / 120

SWEEPING BRUSH

- working width: 1,20 m
- weight: 55 kg
- brush Ø 360 mm
- pivoting left / right

article type:
KL 120

PORTAL CUTTER BAR

- different types
- working widths: 1.60 to 3.10 m
- weight: 100 to 163 kg
- Bidux system
- overload protection
- adjustable angle of cutter bar
- grass divider on the outer shoes

article type:
KPE 160 / 200 / 240 / 260 / 310

LEAF BLOWER

- weight: 140 kg
- castor wheel
- adjustable blowing direction (left, front)

article type:
LAB

Sustainable working heroes.

SNOW PLOUGH

- working width: 1.50 m
- weight: 110 kg
- breakaway device
- steel scraper
- mechanical lateral inversion

article type:
EN 15

FLAIL MOWER

- working width: 1.20 m
- weight: 168 kg
- automatic belt tension
- Y-knives
- adjustable cutting position

article type:
SMK 120

ROTARY MOWER

- working width: 1.30 m
- weight: 98 kg
- wheels and skid
- rear ejection
- closed housing
- min. cutting height 30 mm
- 4 centrifugal knives

article type:
AZM-S130

CUTTER BAR WITH / WITHOUT FINGER

- different types
- working widths: 1.45 to 2.50 m
- medium cut A 83
- normal cut A 81
- additional cutter on both sides

article types: : A 83 / A 81 / ESM /
universal / universal-municipal

EC 130

| | |
|--------------|----------------------------------|
| dimensions | 147 x 123 x 70 cm |
| battery | 8.8 kWh (opt. 9.7 kWh) |
| weight | 355 kg |
| torque | 1000 Nm |
| top speed | 20 km/h |
| hoist power | 200 kg |
| trailer load | 300 kg unbraked 500 kg braked |
